## FOR IMMEDIATE RELEASE

### **Solium Capital Inc. celebrates its 10<sup>th</sup> anniversary as a leader in the stock plan administration industry.**

**Calgary, Alberta, (September 2009)** – Founded in September 1999, Solium Capital Inc. (TSX: SUM) celebrates its 10<sup>th</sup> year as a leader in stock plan administration. Grown from an idea to utilize the latest web based tools to revolutionize how stock plans are administered, Solium’s proprietary application – Shareworks – supports more than 600 publicly traded companies in North America.

Over the past decade, Solium has compiled a rich history of leadership and growth. Significant milestones include establishing operations in both Canada and the United States, becoming a public company traded on the Toronto Stock Exchange (TSX:SUM), and successfully completing the acquisitions of Stormworks Ltd., Bitonic Solutions and Allecon Stock Associates. The original architecture of Shareworks™ remains today but has undergone substantial enhancements and upgrades which has positioned it today as the leading application for addressing complex and global requirements in administering all types of stock plans.

“With enviable year-over-year growth since its creation in 1999, Solium has emerged as a revered and influential force in the stock plan administration industry. A decade of independent innovation and an unrelenting commitment to client service has allowed Solium to become the dominant global technology leader in our industry. It’s with gratitude that I thank our customers, partners and dedicated team, past and present, for their continued support and considerable contributions to our history of success.”

- Jeff English, CEO of Solium Capital Inc.
