FOR IMMEDIATE RELEASE

Solium Transcentive a title sponsor for CEPI publication on performance awards

(January 25, 2011) – In partnership with the Certified Equity Professional Institute (CEPI), Solium Transcentive has co-sponsored *GPS: Performance Awards*, a comprehensive publication designed to educate professionals on how to best administer this increasingly popular form of equity compensation. The publication will make up a fundamental component of the Santa Clara University's GPS project.

The GPS Project (named for the Guidance/Procedures/Systems library of research it's built upon) is a CEPI/Santa Clara University initiative, and a body of resources designed to offer industry professionals premium education and unbiased guidance about the equity compensation industry.

GPS: Performance Awards is a must-read publication for anyone who administers performance awards as any component of their equity plans. As these types of awards become more and more widely used as a form of equity compensation, the industry is presented with a whole new set of challenges in terms of their administration and financial reporting. This publication was designed to help you overcome these challenges while maximizing the benefits of these plans. Download the report now:

About Solium Transcentive

Solium Transcentive, a subsidiary of Solium Capital, is the equity plan provider of choice for more than 850 companies worldwide. To meet the needs of today's equity compensation environment, Solium Transcentive offers a comprehensive range of technology and advisory solutions, designed to help companies manage equity plans and drive efficient and effective plan administration. Solium Transcentive develops, maintains and markets the Express Equity suite of products, which includes Express Options, Express Stock Purchase, Express Desktop and Express Share Tracking.

About Solium Capital

Solium Capital (TSX: SUM) is a leading provider of technology and services, specializing in the administration and execution of equity-based incentive and savings plans. With more than 1,500 clients globally, Solium offers a wide range of products and service models, including StockVantage, Shareworks® and Express Options Equity Suite™, with the goal of enabling public and private corporations of all sizes to automate and manage all stock option and stock purchases plans, as well as simplify their regulatory and financial reporting.

About the Certified Equity Professional Institute (CEPI)

The Certified Equity Professional Institute (CEPI) was founded in 1989 by a group of equity compensation professionals. Their mission was to establish, promote, and provide certification and continuing education for the equity compensation industry. Since its founding, the CEPI's self study curriculum has served as the industry's educational standard.
